

BVLGBT+ Pride Travel Grants Rules

Students in the veterinary and veterinary nursing professions, and in related para-professions are eligible to apply, with only one application per person.

There will be a maximum of 10 grants of £100 each.

Grants must be spent on travel and/or accommodation costs for attending Edinburgh and/or London BVLGBT+ Pride events in 2017. Copies of receipts must be provided within 2 weeks of the Pride attended.

Should more than 10 eligible applications be made a ballot will be held with grants awarded the following order:

1. Applicants attending a Pride event for the first time and who could not attend Pride without financial help – 4 grants.
2. Applicants attending a Pride event for the first time or who need financial assistance to attend Pride, and any applications remaining from 1. - 4 grants.
3. All remaining places: all remaining applicants.

If there are fewer than four applicants for groups 1. or 2. then the grants will be allocated to the next group in the ballot order. A maximum of two places will be awarded to para-professionals.

The BVLGBT+ core committee will consider any dispute and its decision will be final.
